SUBJECT: Semi-Annual Impact Fee Report as of March 31, 2008

Attached for your information is the Semi-Annual Impact Fee Report of Collections as of March 31, 2008. The report is based on financial information reported in the City's accounting system. Fees collected during this period are lower than past years. Further, the percentage of fees waived or exempted is higher for wastewater fees than water.

In summary, combined utility capital recovery fees collected during the six month period totaled \$3,456,618. Of this total, \$2,268,623 was for water and \$1,187,995 was for wastewater. Total capital recovery fees collected since the adoption of the current ordinance on June 20, 1990, through March 31, 2008, totaled \$84,410,025 for water and \$51,294,041 for wastewater, for a combined utility total of \$135,704,066.

As of March 31, 2008, the cash balances in the water and wastewater CRF funds were \$1,832,278 and \$1,457,988, respectively, for a combined total of \$3,290,266. The balances reflect the transfer of \$10,970,000 from the CRF funds to the operating funds and from there to the Debt Service Fund in December 2007, \$6,110,000 from Water and \$4,860,000 from Wastewater.

Notes to Summary of Capital Recovery Fee Exemptions and Waivers:

- (1) LDC = The City of Austin Land Development Code.
- (2) LUE Assignment = Developer has entered into an agreement with the City to receive LUE credits because of funds expended by the developer to provide water and wastewater services. An example of this is The Forest Section 1 & 2. In this case, each time the developer sells a lot to a builder, the builder is eligible to receive CRF credits.
- (3) Includes various council approvals for exemptions including smart growth and the Bradley agreement from 2000 that states the City will agree to waive all water and wastewater CRFs and impact fees for all single family residential development project on the Original Edwards' Easement land and all non retail commercial development buildings containing less than 50,000 square ft of gross floor area. Any other development on the land including the development of a hotel and/or the Golf Course will be subject to all fees.
- (4) Circle C Land Development Corp DBA Stratus Properties...\$15,000,000. 1000+ acres development in SW Austin but up to \$1.5 million per year can be used for both CRF and tap fees in DDZ.
- (5) Stratus properties that are exempt from tap fees and CRFs for Smart Housing

In July 2003 KB Homes used \$174,900 in Stratus Credits to adjust their Smart Housing goals rather than pay CRFs for previously exempted properties.
